---

Jasper is a really fun, kind boy. He is always eager to go to school and learn. He's one of the first students to raise his hand during our writing lessons and we often see him helping his younger brother Asher by helping to carry his bookbag. His favorite subject is Math and activity is basketball. Jasper loves to draw and is particularly good at drawing people. He would love for you to sponsor him, one of his siblings or his family unit. Thank you!
